We are entering into a contract to provide services to your company to work on 5 projects. The companies agree to a joint venture on Dallas West Village that shall consist of our company with 85% and your company with a 15% interest in the Dallas West Village and possible future developments. The construction contracted projects included under this agreement are Pecan Grove, Dallas West Village, Port Royal, Mission Del Rio and one additional project that will be named later. If any of the named projects are canceled or not available, then a comparable project will be substituted in for that project. However the entire agreement is conditioned on successful completion of the Dallas West Village zoning case on or before May 15, 2005.

The Dallas West Village project will require contractor work specifically in the areas of site work and concrete. Your two organizations must obtain the support and approval for zoning and State sponsored tax exempted bond financing. The project will be considered flex space and will be configured as residential and retail. All governmental approvals must be obtained in a manner consistent with the development timeline.
